QUESTIONS & ACTION STEPS

- 1 Thessalonians 4:1 refers to our walk and what we are currently doing that pleases God. Identify something you are currently doing that you believe is pleasing to God. Is it possible that God is desiring you to do more of that? Discuss with someone else.
- Throughout scripture God shows His concern for our walk. (See Genesis 17:1, Exodus 16:4, Joshua 22:5, Romans 6:4, 1 John 1:7, and many more). Why do you think “walking with God” is mentioned so many times?
- For former pagans, the lure of sexual sins was strong (see 1 Corinthians 5-6). As born again believers, we are all “former pagans.” What are some specific lures of sexual sin you have struggled with in the past? Currently?
- By using the Greek term “porneia” (which referred to adultery, fornication, or other sexual immorality), Paul forbids any sexual activity outside the bounds of heterosexual marriage (see Ephesians 5:3; 1 Peter 1:15-22). How do you believe this message was received at the time Paul first delivered it around 50 AD? How is it received today?
- Identify a specific area in your life that you would like to walk more closely with God. Do you believe that a closer walk with God in that area will result in more love, more growth, and more influence? Discuss with a trusted friend.
